*Justis + Julie,*  
Dear ~~Mr. Morginn~~:

I don't think I can ever thank you and Julie enough for all your support in every way you give to Haro Park Centre.

Thanks to you both, we have been able to provide amazing raffle items to draw interest to our events and certainly revenue. You have been the first to ever support us with your own fundraising event, not only helping to bring a monetary donation, but a greater awareness to our cause. And certainly, I cannot thank you enough for your contribution to our video. Your compelling words show potential viewers how we positively impact our community and the need we fulfill within it.

We are all so grateful for the support of you and your shop, and are so fortunate to have you among our family. We want nothing but the best for you both and your business. Please let us know whenever we can have the opportunity to help you as well.

Warmest regards,

  
Christine Hendrickson
